The DXW-1 Series are single-gang Decora® style HDMI® wall plates with HDBaseT CAT extension. With a single CAT 5e cable, video, audio, RS-232, IR, and power can be transmitted up to 230ft away. The DXW-1-TX1 can be mixed and matched with a variety of other HDBaseT products from Aurora.

DXW-1 wall plates save money and simplify installations by combining all signals into a single CAT cable.

Available in Black or White.
