

ReAX™ 10" Touch Screen/Controller

Landscape and Portrait Mounting

The RXT-10 is the world's first ReAX™ JavaScript based Touch Panel/Control System. Ideal for conference rooms, educational facilities, digital signage and more. Designed to flush mount magnetically into the RXT-BB7 back box, the RXT-10 has a beautiful 1280 x 800 touch screen with 170 degree viewing and room status lighting. The 2D and 3D graphics engine with 1080p H.264 streaming decoder provides a powerful solution for complex graphics and video, ensuring an enhanced user experience.

To further enhance the experience, the RXT-10 has a 2 watt speaker, digital microphone, and ambient light sensor. The RXT-10 is a powerful 'all in one' solution for your presentation and automation needs.

Core Studio tool is available free of charge for code and interface creation.
